Hello, I'm Prajwol Subedi a bachelors graduate in computer science passionate about building products and automating things.

## EXPERIENCE

---

### **Freelancing**

Kathmandu

*Software development with AI Integration*

May 2025 - Dec 2025

- Collaborated in a two-person team to develop a real estate chatbot platform that allowed non-technical users to manage property listings and deliver AI-powered responses across messaging channels.
- Developed and deployed an SEO-optimized landing page and apartment booking platform using Next.js for Divine Suites Nepal.
- Developed a personal assistant with a Telegram bot and automated email workflows, integrated with Google Sheets, WhatsApp, Telegram, and Google Meet.

### **Junior AI Engineer.**

USA (remote)

*Nobel Navigators*

Jan 2025 – Apr 2025

As an AI Engineer at Nobel Navigator, I had the opportunity to work on

- Worked on building chatbots and co-facilitated Nobel's AI Chatbot course, helping onboard and train new interns in chatbot development.
- Analyzed intern datasets to extract insights and applied machine learning algorithms to cluster interns based on patterns and characteristics
- Created user personas based on user responses to system and onboarding queries.

### **Software Engineering Intern**

Kathmandu

*Progressive Labs Pvt Ltd*

Oct 2023 - Dec 2023

- Collaborated with a team to develop an HR Management System, gaining hands-on experience building a real-world application.
- Developed a secure authentication system while using TypeScript to improve type safety and code maintainability.
- Gained hands-on experience with Git for version control and implemented design patterns like Atomic Design during project development.
- Collaborated with developers and senior engineers to build user-driven UI and define frontend API requirements
