Hello, I'm Prajwol Subedi a bachelors graduate in computer science passionate about building products and automating things.

EXPERIENCE

Freelancing   Kathmandu

Upwork   May, 2025 - Dec ,2025

- Worked with a two-person team on a real-estate–related client project through Upwork, developing a chatbot building platform.
- Built chatbot demos for Nepali businesses to explore customer support and lead-capture use cases.
- Created voice agent prototypes for overseas use cases (e.g., barbershops) to understand call flows, speech handling, and automation.
- Developed workflow automations for Telegram and WhatsApp, focusing on message routing, triggers, and basic integrations.

Junior AI Engineer   America

Nobel Navigators   Jan, 2025 - Apr, 2024

As an AI Engineer at Nobel Navigator, I got chance to work in
- Building chatbots for user with specific price ranges for courses
- Creating a model to match interns with similar interest together in the courses.
- Creating a user persona according to the user responses to the queries.

Software Engineering Intern   Kathmandu

Progressive Labs Pvt Ltd   Oct, 2023 - Dec ,2023

- Build a HR management system by working with a team and had a great experience building a real-life project.
- Utilized TypeScript to enhance type safety and improve code quality in the frontend projects.
- Worked with Git for version control, utilizing branching, merging, and pull requests to collaborate with team members.
- Collaborated with designers to create a UI demanded by the user and backend developers and to describe the data format needed in the frontend.
